

Land Acq Pro

The vacant-lot acquisition platform for Palm Bay — from the moment a lot owner finds their property to a signed, all-cash contract. This is a section-by-section tour of what the platform does.

Two surfaces: **seller page** & **admin workspace** Palm Bay, FL
Companion **video walkthrough** included

PART 1 · THE SELLER EXPERIENCE

What a lot owner sees

A homeowner reaches this page from a postcard QR code or a link. In four steps they find their lot and hand us what we need to send an offer.

01 The seller landing page

- ◆ A branded Adams Homes page an owner reaches from a postcard QR code or a texted link.
- ◆ Leads with the trust case — one of the nation’s largest homebuilders, all cash, no agents, no commissions, no fees.
- ◆ One job: help the owner find their lot and start an offer.

02 Find your property

We found 5 properties under that name

Select the one you own. (Names can repeat, so check the address.)

- ◆ Search by owner name or street address.
- ◆ One owner can hold many lots — a builder can own dozens. The page lists them **10 at a time** and the owner picks the right one.
- ◆ Two different owners can share a name, so every option shows the address to confirm.

PART 2 • THE ADMIN WORKSPACE

How Kevin & Elizabeth work the pipeline

Every lead, opportunity, follow-up, contract, and metric in one place — built to be scanned and acted on, not read top to bottom.

OVERVIEW

Pipeline at a glance

- ◆ Live counts at every contract stage — pending signature, inspection, clear-to-close, closed this month.
- ◆ A monthly target vs. actual on accepted contracts keeps the team honest.

LEADS

New Leads inbox

- ◆ Inbound website / QR sellers — the most urgent, because they reached out — are separated from on-market lots.
- ◆ On-market rows carry the source and listing title so Kevin can act immediately.

STRATEGY

The Buy Box

▼ Buy Box — criteria & notes what makes a lot green / yellow / red

WHERE

Palm Bay ZIPs 32905, 32906, 32907, 32908, 32909

LOT SIZE

0.22–2 ac (off-market sweep targets ≤ 0.45 ac)

SHOW WINDOW

Up to \$10,000 over stipend (offer & negotiate); higher = auto-rejected

TRIAGE

● ready to send · ● needs review · ● auto-rejected (logged with reason)

PROPERTY TYPE

Vacant, unimproved residential lots only — no structures

MAX OFFER (STIPEND)

Well/Septic \$30,000 · Water/Septic \$30,000 · Water/Sewer \$50,000

OFFER RULE

Offer never exceeds the stipend; on-market default is \$2k below stipend

Where these lots show up: On-market listings in the buy box appear in the On-Market Opportunities box; county-sweep lots appear in Off-Market Opportunities — each with a ●/●/● light and a suggested offer to Send Offer or mark Unsuitable.

- ◆ The exact criteria the triage runs on — target Palm Bay ZIPs, lot-size range, stipend caps by utility type, and the offer rules.
- ◆ Editable as the acquisition strategy changes.

CRM

Wholesaler CRM

▼ Wholesaler CRM — 1 wholesaler · \$12,000 total spread paid

Wholesalers who've brought us deals. **Spread** is how much they made off us (what we paid them minus what they paid for the lot) — Kevin logs it at closing on the deal.

WHOLESALE / COMPANY	CONTACT	DEALS	PIPELINE	SPREAD (MADE OFF US)
Marcus Vale Vale Land Group	(321) 555-7788	1	1 closed	\$12,000

- ◆ Wholesalers are a third deal type alongside on-market and off-market — each clearly labeled by who they are.
- ◆ The **spread** — what they made off us — is logged at closing and totaled per wholesaler.

OFFER

Offer approval & the contract packet

- ◆ The county property card, deal type (on-market / off-market / wholesaler), utility stipend, and any lot premium — or “premium possible, amount TBD” to finalize at closing.
- ◆ The literal Florida VAC-14 contract, auto-filled with the verified seller, price, and terms.
- ◆ Kevin confirms the offer was actually sent (that starts the 3-day clock); Elizabeth counter-signs to make it official.
- ◆ One packet to send: cover letter with the Adams Homes logo + the contract + an Exhibit A county property card.
